Introduction to Sport Clubs

What is a Sport Club?

A Sport Club is a recognized student organization, approved by the Director of Recreational Sports, Assistant Director of Sport Clubs, and the Sport Club Council.

A Sport Club provides instructional, recreational and competitive programming in sporting related activities for students. Activities for the club include practice sessions on campus and competitions against similar groups from other institutions and agencies in the Texas area. Competitive activities are the main emphasis of the clubs, however, meetings and social functions are also held for members.

Role of the Recreational Sports Office

The Recreational Sports Office provides administrative support for the clubs and assists in scheduling areas and facilities for club meetings, practices and games. Partial funding for travel, competition and equipment purchases is also provided. The Recreational Sports Office provides encouragement, guidance and supervision of existing clubs and those interested in organizing a sport club. The concept of an extensive formal Sport Club Program at the University of North Texas was developed out of need for coordinated efforts in serving the clubs on campus.

The Sport Club Program is designed to serve individual interests in different sports and is student-oriented in every respect. The program is for the student; providing competitive sports without detracting from academic pursuits under the supervision of the Assistant Director of Sport Clubs. This supervision helps ensure an effective program in all phases of operation such as central planning, implementing, supervising and evaluating of an extensive Sport Club Program.

The Assistant Director and the Graduate Assistant provide encouragement, guidance and supervision, but with the recognition that the individual clubs will grow primarily by means of active student involvement and participation.

Philosophy and Definition

1. Sport Clubs are voluntary in nature.
2. Sport Clubs are non-profit in nature.
3. UNT does not unlawfully discriminate on the basis of race, color, national or ethnic origin, religion, sex, sexual orientation, gender identity or expression, age, political affiliation, disability, marital status, ancestry, genetic information, citizenship, or veteran status in its application and admission process, educational programs and activities, university facilities, or employment policies.
4. Sport Clubs adhere to all applicable University of North Texas policies, including those related to sexual assault prevention and reporting, and travel and budget practices.
5. Sport Clubs offer members a chance to develop their knowledge and skill to greater degrees by organizing special programs and are directed by students on a voluntary basis.
6. Most Sport Club members have a chance to exhibit their skills in competitive situations by traveling off campus or to other colleges and universities. Some clubs are of a social, educational, special event or informal recreation nature.
7. Sport Clubs do not emphasize strict training rules, recruiting practices, restricting participation, financial aids, scholarships, letters of intent, profits or extensive road trips.
8. Emphasis is placed on student leadership and the most successful clubs are the ones with outstanding student leaders. A faculty sponsor is required to give continuity year to year to the club and to offer advice when needed.

Management of Sport Club Program

SPORT CLUB COUNCIL

Each sport club shall have a Sport Club Council Representative as a member of the Sport Club Council. Each representative must be a currently enrolled student member of a recognized sport club. The Sport Club Council shall advise the Sport Club Staff in administering the Sport Club Program. Its three main functions are to:

1. Promote participation in the Sport Club Program

2. Provide a medium for the exchange of information regarding Sport Club policies and procedures contained in the Sport Club Manual.
3. Listen to all new Sport Club Recognition Requests and vote on a recommendation to the Sport Club Staff on the approval of a new club.

EXECUTIVE BOARD

The Sport Club Council will have an Executive Board, which shall consist of five student members. The Executive Board may have additional non-voting members. Each year Sport Club Executive Board members will be elected from among their peers at the last Sport Club Council Meeting in the spring semester. Non-voting members may not participate in voting matters and the budget allocation process and can be from the same club as one of the five board members. All board members shall serve a term, which runs from August through July. Executive Board members can also represent their club at each Sport Club Council meeting as the Sport Club Representative. Regarding voting matters, should there be a tie, a discussion will be held prior to a revote. Should the vote remain a tie after the re-vote, the Sport Club Program Assistants will be the tie breaker.

The Executive Board shall have the following responsibilities:

1. One member will serve on the Vice President of Student Affairs committee
2. Attend all Sport Club Budget meetings and recommend allocations to the Sport Club Staff.
3. Serve as a liaison between the Sport Club Council and the Sport Club Staff
4. Serve as a consultant to the Sport Club Staff on information gathered from the Sport Club Council concerning amendments or additions to Sport Club policies and procedures contained in the Sport Club Manual.
5. Serve as a consultant to the Sport Club Staff on constructing an agenda for each Sport Club Council Meeting.
6. Serve as a consultant to the Sport Club Staff on all fiscal allocations associated with the Sport Club portion of the Student Service Fee.

SPORT CLUB COUNCIL MEETINGS

Each Sport Club Council meeting serves several purposes. First and foremost, it is a forum where information can be conveyed and obtained about the Sport Club Program. Regularly, the Sport Club Staff will convey information about policies and procedures, upcoming important dates, and an update on each club's budget. In addition, these meetings give the Sport Club Council Representatives the opportunity to discuss items concerning the Sport Club Program. Also, Sport Club Council Meetings are the forum where New Sport Club Recognition Requests are heard.

Each Sport Club shall have their Sport Club Council Representative attend each Sport Club Council Meeting. Sport Club Representatives should report all the information discussed at these meetings back to their club members. A Sport Club Council Representative must be the President, Vice-President, or Treasurer of a particular club. The same individual shall attend all the meetings as the lone representative of his/her club. If this individual cannot be present, he/she must notify the Sport Club Staff, with advance notice, as to who will attend in their place. The replacement must be a student club member. Failure to make notification will result in the loss of voting privileges. Other members of a club are encouraged to attend Council meetings as a guest, but they shall not have voting privileges.

Sport Club Faculty/Staff Sponsor

1. Each Sport Club will have one sponsor who is full time staff or faculty at UNT. In some cases, the sponsor may also be the coach or manager of the club. (See Faculty/Staff Sponsor Application for specific information regarding this position.)
2. Faculty/Staff Sponsors are associated with the sports only in the function as a liaison and do not function as a supervisor or monitor of the sport or its safety.
3. The sponsor can assist in the day-to-day operations of the club. The purpose of the sponsor is to be available during the development of plans, budgets and programs for the club; to provide expertise and mature judgment; and help ensure that the activities and undertakings of the club are sound and reflect favorably on UNT. At no time will the club expect the sponsor to be solely responsible for its operations. The sponsor is there to lend assistance and advice, not carry the load for the club.
4. The sponsor is responsible to advise and ensure the club is following University policies and to attend Student Activities meetings.

Sport Club Coaches/Instructors

The purpose of Sport Clubs is to provide leadership opportunities for UNT students. As a volunteer for the University, coaches are expected to be responsible and ethical. If a coach at any time has a question about Sport Club policies or procedures or if he or she has any questions it is the coach's responsibility to contact our department and make an inquiry.

1. All Sport Club coaches are volunteers and cannot receive any kind of monetary benefit for their services.

All coaches must complete a coach's application each year and submit it to the Recreational Sports Office. Coaches are required to meet with the Assistant Director and the Student Leader to review the Coach's Role and Responsibilities each year. Renewal of coaching status is not automatic; all coaches must re-apply each year.

2. Coaches must comply with all Sport Club and University policies including the policies outlined in the Coach's Role and Responsibilities form. If a coach is found to be in violation of any of the University or UNT Sport Club policies or procedures outlined in the coach's role and responsibilities form, the sport club manual or outlined by the university the individual may be dismissed from their voluntary duties with the UNT sport club.
3. Clubs may reimburse coaches lodging and mileage from club trips out of the rollover account.

Sport Club Policies - Club Requirements

General Policies

1. Each club must register with the Student Activities Office through Org Sync each year or whenever a new student leader is elected to be a Sport Club at the University of North Texas.
2. Recreational Sports reserves the right to reject an application of a sport club if they feel the risk of the activity is too high to the participants' health and safety.
3. All Sport Club participants must sign up with their respective club on IM Leagues. A minimum of 10 members need to be registered with the club to be considered as an active club.
4. Constitution or operating guidelines: Clubs must write a constitution or operating guidelines. The items and guidelines should be discussed with the club membership and put to a vote. Some items which should be included in the constitution are: a list of officers and their responsibilities, voting procedures, whether or not the club collects dues, and any rules (i.e., membership dues, practice guidelines, etc.). Examples of club constitutions are available. The implementation of a constitution should benefit the club by making it a stronger organization. Monthly meetings are encouraged to be held to discuss upcoming events and any concerns or problems.
5. Any policy, regarding the internal operation of a club, may be implemented providing that the majority of club members agree on the policy and the Recreational Sports Office is notified.
6. Any selection process that is held to establish a 'competing' or 'traveling' team must be administered in a democratic fashion and included in each club's constitution. The selection criteria must be documented and presented to all participants and the Recreational Sports office prior to implementation for approval. If there are any problems or issues that arise, the Recreational Sports Office will be notified immediately and reserves the right to intervene if necessary. All Sport Club practices must be publicized and available to any UNT student who wishes to participate. Any student that desires to participate in any Sport Club should be able to do so.
7. Any club representing UNT must maintain high standards in moral and ethical behavior. Failure to comply due to adverse attitudes or complaints from sources within or outside the University could result in the withdrawal of the club's authorization as a University sponsored organization by the Director of Recreational Sports and the Assistant Director of Sport Clubs

8. Sport Club activities will be guided by the club officers and its members, but the Assistant Director of Sport Clubs will assume administrative responsibilities pertaining to the funding of club activities, equipment purchases, facility reservations, contractual agreements, and other duties outlined in the job description of the Assistant Director. If there is any confusion about the scope of the student leader's duties, the Assistant Director should be notified.
9. At any time the Assistant Director may alleviate a student leader, an officer, or a coach from their duties if he or she feels it is in the best interest of the University, the students, or the staff.
10. All correspondence, other than routine will be submitted through the Assistant Director for coordination. The following items will require the sanction of the Assistant Director:
 - a. Scheduling of events (practices, competitions and fundraisers)
 - b. All off-campus trips
 - c. All expenditures
 - d. Equipment purchases
 - e. Extending invitations to guest lecturers or outstanding personalities who may be of interest to other students outside the particular sport club.

General Procedures and Information

1. **Scholarships:** Athletic scholarships are not awarded to Sport Club participants. Individual scholarship awards, which are won at tournaments, which are funded by UNT, will not be awarded to the individual, but used for club expenses such as travel and equipment. The scholarship funds must be deposited in the Club's University account.
2. **Dues:** Any club leader who wishes to charge members club dues must meet with and receive approval from the Assistant Director. The amount to be collected should also be listed in the club constitution. The Assistant Director will meet with the student leader to review the University policies concerning funds collected. Club members will make all dues payments directly to Rec Sports. . *Periodically* the club leader should also meet with the Assistant Director to review club account balances.
3. **Insurance:** *Club members are responsible for obtaining their own personal health insurance. The University does not provide health or accident insurance for students. However, UNT has an insurance policy with a private health insurance company that student can purchase themselves. For more details contact the Health Center Billing Department at 940-369-8543.*
4. **University Holiday Schedule and Inclement Weather Policy:** When the University closes for scheduled holidays or due to bad weather, Club competitions, meetings, or practices will be postponed to another date. The general days or weeks on which the University closes are the

following:

- a. Labor Day September 6, 2021
- b. Thanksgiving November 25-26, 2021
- c. Winter Holiday December 24, 2021 – January 1, 2022
- d. Martin Luther King, Jr. Day January 17, 2022
- e. Spring Break March 14-18, 2022
- f. Memorial Day May 30, 2022
- g. Independence Day July 4, 2022

In the event that the University closes due to bad weather, the Sport Club Program procedure governing club travel is to cancel the events during that time also. For example, if snow and ice closes the University on Friday, any trips planned for travel on Friday through Sunday would be canceled. The funding for travel and the use of University vehicles would not be approved. There are other closings during the year. For more information, please contact the Recreational Sports Office at 565-2275 or the Recreational Sports web page (www.recsports.unt.edu).

According to the UNT policy and Student Development Guidelines no events or practices can be scheduled during Pre-Finals, Reading Day, and Finals weeks. ** See List of Important Dates for Last Day of Practice

5. **Flyers:** The Assistant Director of Sport Clubs must approve flyers, publicity and correspondence. All flyers must have the Recreational Sports “Tag Line”. Please submit a rough draft of the flyer and the staff will assist in finalizing the finished copy.
6. **Student Code of Conduct:** It is your responsibility to review and read and understand the UNT Student Code of Conduct. You can read the code at www.unt.edu/csrr. Your position as a student leader with the Sport Club Program and with Recreational Sports is dependent on you remaining in good standing with the University at all times. If at any point you are not in good standing with the University, you may be removed from Sport Club leadership. Should you have any questions regarding the Student Code of Conduct you may contact the Dean of Students office at 565-2648.

Violation of Sport Club Policies

When a club is reprimanded for the actions of its members, the student leader will be contacted to discuss the decision made by the Assistant Director. The Assistant Director will email and call the student leader to set up a meeting

*Once the club has been informed of the decision, the club will have **5 business days to appeal** the decision made by the Assistant Director. The 5 business day window begins when the letter was emailed to the student leader. The letter will be followed by a phone call to the student leader. The club then has 5 business days to submit an appeal in writing.*

Note: The Dean of Students Office may take action against an individual club member whose violation of the sport club policies also violates the UNT Student Code of Conduct.

Disciplinary Procedures

All Sport Club leaders are encouraged to follow the Sport Club procedures and policies. Any policies or procedures that are not followed may result in disciplinary action against the club, including:

- 1) Probation
- 2) Suspension of facility privileges
- 3) Suspension of funding
- 4) Suspension of Sport Club Status

Appeal Process for Sport Clubs

The appeal process exists to ensure that all disciplinary actions taken against UNT Sport Clubs are fair and equitable. Disciplinary decisions that are appealed will be reviewed and ruled on its appropriateness given the infraction(s) committed. To file an appeal, follow the steps listed below:

A. Decisions made by the Assistant Director of Sport Clubs can be appealed by:

1. Written notification including the justification for the appeal and any related circumstances to the infraction(s) must be submitted from the club student leader to the Director of Programs within **5 business days** of when the club is informed of the Assistant Director's decision.
2. After receiving the request for an appeal, the Director of Programs will set up a meeting with the Sport Club Executive Board
3. At this meeting, the individual(s) involved in the situation will present their concerns to the Sport Club Executive Board
4. After deliberation, the Sport Club Executive Board will make a recommendation to the Director of programs, who will make a decision on the appeal.
5. After fully investigating the situation, the Director of Programs will notify the club of the ruling on the appeal. This may include upholding, rejecting, or modifying the action taken by the Assistant Director.

Sport Club Eligibility

1. Currently enrolled UNT Denton students with at least one (1) hour of course are eligible to participate and compete in UNT Sport Club practices and competitions and are able to check out Sport Club equipment. Participants practicing at the Rec Center must have a current Rec Center membership or purchase a guest pass. This requirement includes participation in the Fall, Spring, May semester and Summer semesters.
2. Should a club qualify for a national competition at the end of a semester and the national competition is held at the beginning of the following semester, a non-enrolled student may receive an exception from the Director of programs to participate. The non-enrolled student must have been on the team and competed as an enrolled student during the qualifying season. The national competition must be a qualifying competition, not an open playoff competition.
3. Specific clubs may have additional criteria regulating the types of membership; however, Recreational Sports must approve the criteria.

Sport Club Funding

General Policies

Sport Clubs are allocated funds from **student service fees and student recreation fees**. All University funds must be monitored and spent according to the policies outlined by the University and the Office of Recreational Sports. The following policies apply when using allocated funds:

1. Recommended funding allocation to each club by the Executive Board and approved by the Assistant Director are based upon such criteria as need, student involvement, number of members, projected expenditures versus actual expenditures for the previous year/semester and projected versus actual competitions.
2. The Sport Club Point System will be used as a guideline in allocating funding. Refer to the Point System guidelines for specifics on accumulation of points.
3. The maximum allocation for all new Sport Clubs is \$500.00.
4. All expenditures including equipment, travel, etc. of the club must be approved by the Assistant Director.
5. Clubs may purchase uniforms with only their rollover account i.e. sponsorships, money from fundraisers, donations or money won at tournaments. Branding guidelines must be followed.
6. Allocated money can be used for wages, travel (gas, lodging and entry fees) and sport club league fees.

7. Allocated funds are restricted to the following guidelines:
 - a. Clubs may be funded \$.20 per mile per car for gas when traveling to or from a sport club event not located in the Denton/Dallas/Ft. Worth area (within 60 miles).

8. No more than 10% of the allocated budget can be spent on equipment without the approval of the Assistant Director.
9. Clubs will not be funded for tournaments that award scholarships to an individual club member, unless the award can be used to benefit the entire club.
10. Clubs may apply for funding throughout the semester and application deadlines will be communicated with club leaders.
11. Each club must submit an official request for funding in the form of a proposed budget each fall semester to the Recreational Sports Office. A budget request for the academic year (fall and spring) is required by the second week of school. The club leader presents the budget to the Sport Club Executive Board to receive funding.
12. A proposed budget for the following academic year is also required during the fall semester. This budget is used to request funding for the following year.
13. Funds allocated for the fiscal year do not roll over into the following year.
14. Any club revenue (donated, fundraised, dues, etc.) will be placed in a roll-over account that can be used from year to year.
15. A supplemental fund may be available for new clubs. If no new clubs request any funding, this amount is available for the existing clubs. The supplemental funds would be allocated in the spring. Please consult with the Assistant Director if you have any questions or concerns regarding these funds.
16. Approved Allocated Account Expenditures: Travel, lodging, equipment and maintenance, scheduling expenses, registration & entry fees, officiating fees, publicity

and printing, home games/practice related expenses (maintenance offacility).

- b. All items paid with by club dues may be kept by club members.
- c. It is encouraged for clubs to include all of these expenses in their club dues. Should a club decide to make these purchases after dues have been set, the student leader may collect funds from club members. The student leader will receive a pre numbered receipt book. The club leader/treasurer will then write the receipt to the person giving the funds, listing the amount. The receipt book allows for a copy to be given to the person who gives the funds. The club leader/treasurer then would need to bring the funds to the Rec Sports Office between the hours of 8:00am-4:30pm Monday-Friday. The cash or checks must be submitted before 5 business days, as required by the University.

18. Non-Approved Expenditures: Salaries of coaches, managers, instruction, meals and food/beverages.

Fund Raising/Sponsorship/Donation Restrictions and University Policy

There are several policies governing fundraising which must be followed:

1. All fundraising and sponsorship projects must be discussed with the club membership and voted on. The Assistant Director must approve all fundraising and sponsorship projects, except dues. There are certain University policies, which are outlined in the student organization handbook. A positive and professional sport club image must be maintained at all times.
2. At least two weeks prior to the start of the project, the fundraising/sponsorship form must be completed and submitted to the Assistant Director of Sport Clubs.
3. A receipt book must be used to collect the funds. All monies collected must be receipted and given to the Recreational Sports Office to be deposited into the Club's university account. All monies collected during a club sponsored fund raising project becomes University money (this includes dues, donations, etc.)

4. If at any time the Assistant Director is concerned with the organization or the functions of the fundraiser, a meeting will be held with all parties involved. If some or all of the parties do not attend the meeting, or if the issues are not resolved, the fundraiser/sponsorship will be cancelled and the club members will be fully responsible for any money lost.
5. The University has some exclusive contracts that may interfere with current sponsorships; for this reason, clubs must submit a request for sponsorship and include:
 - a. The company the club is considering contacting (include the person you will communicate with, their title, relationship and their phone and e-mail address)
 - b. The nature of the sponsorship (equipment, funding, etc.)
 - c. What responsibilities the club has by accepting the donation
 - d. The length and terms of the sponsorship
 - e. Any other information we may need
6. **Donations:** Clubs should submit a list of any business with any contact information including name of business, name of contact and the title of the contact, prior to soliciting and accepting any donations. These donations must be submitted to the Assistant Director and approved by Recreational Sports. Checks should be written out to: UNT Rec Sports. Clubs are encouraged to send a separate thank you letter. Clubs may collect online donations through the UNT Rec Sports – Sport Club website: <http://recsports.unt.edu/content/sport-club-donations>. GoFundMe and similar sites are not approved fundraisers.
7. Any equipment donated to the club is property of the University and must be recorded as such. All donated equipment must be turned into Recreational Sports. This equipment will be added to the club inventory and checked out accordingly.
8. **It is against Sport Club policies to deposit any fund raising money in a personal bank account or withhold money (keeping money at home).** Do not deposit the money in the University account without going through the Recreational Sports Office. Clubs are not allowed to maintain an outside bank account. Any club that violates this policy could be suspended, placed on probation or terminated from the Sport Club Program.

Statement of Policy Regarding Off-Campus Activities

UNT policies concerning off-campus Sport Club activities are as follows:

1. UNT, its employees, volunteers and agents assume no liability for off-campus sport club activities.

2. The participants in the activities are solely responsible for their health, safety, and welfare. All participants shall be aware of the particular risks involved in the activities and are voluntary participants thereof.
3. Should an accident occur during a sport club event, practice or traveling to or from a practice or event, it is possible that individual student participants may be individually liable for their negligence, if any. For this, and other reasons, purchase of liability insurance is strongly encouraged. Anytime a Sport Club member receives or seeks medical assistance an accident report must be completed immediately and turned into the Recreational Sports Office the first business day after the trip. (At home events, an accident report must be filled out for an injury of all participants regardless if they are a UNT student or if they are from another institution.)
4. The financial support of the University for Sport Clubs is derived from the student dues and student service fees, both of which are derived from the students themselves. This funding in no way indicates that the University, its employees or agents are supervising the activity. The supervision of the activity is solely left up to the participants, unless the Department of Recreational Sports deems otherwise. The university may, however, regulate funding.
5. The use of the UNT name in relation to the Sport Club in no way indicates responsibility for any debts, obligations, injuries or other damages that occur due to the activity.
6. All participants are encouraged to purchase health, accident and liability insurance, and a blanket policy covering liability is also strongly encouraged.
