

# Shamar J.

## CERTIFICATIONS/EDUCATION

ACE Certified Personal Trainer  
Red Cross CPR/AED/First Aid

## TRAINING PHILOSOPHY

There is a difference between “working out” and “training”. Training has a reason, whatever that goal may be, make sure it is meaningful and done on purpose so that you can stick to it.

## MOTTO

““Fitness” and “Nutrition” are only two facets of healthy life. Work on your “community”, “recovery”, “mobility”, “mindfulness”, and ultimately “consistency” are pillars just as important to having a health and long life.” – Dash, Swolenormous
